## Company Profile

Kapil Pre-cast (Unit of Kapil Group) introduce ourselves as the company that cares for quality products. We are manufacturers of Pre Stressed Precast compound wall with different designs, as per customer requirements. These can be used as partition walls for godowns, Labour quarters, With the culture of deep dedication to work, determination to succeed, our company today enjoys a premium position among the indigenous class manufacturers.

## Why Kapil Pre-cast

Our Products are manufactured under stringent norms, the raw material are procured from reputed manufacturers and suppliers are accepted through rigorous quality control norms. all these enable us to maintain a satisfactory clients

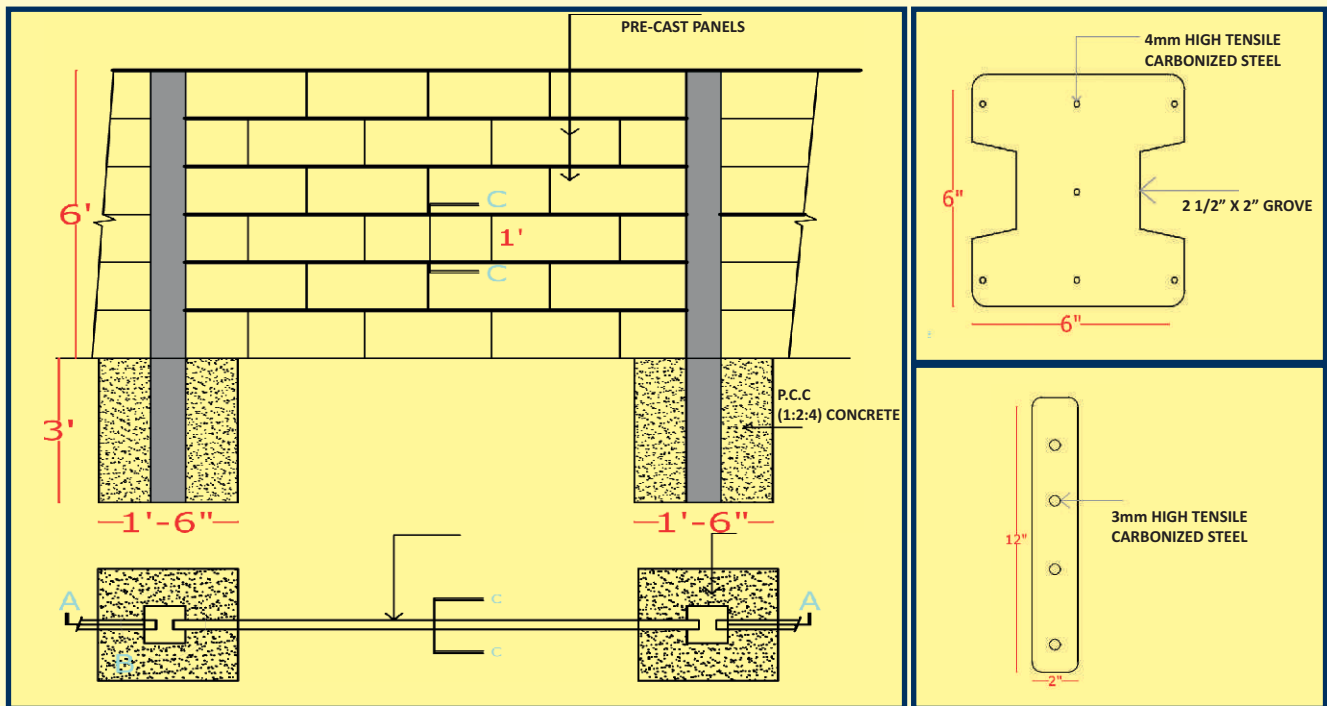

Kapil Pre-cast products have many great features as they are produced by the raw material that are procured from reputed manufacturers and suppliers who have a history of supplying top quality materials.

At Kapil Pre-cast we design and construct precast office buildings that meet the requirements of our clients and also the social environment from designs to delivery information, everything is discussed, governed and monitored by a group of experienced engineers to give the best possible that not only meets the client's expectation but is also parallel to the modern office architecture.

## Product Advantages

Pre-Cast compound wall is Stronger, more Durable, Lean, Time saving and Economical than traditional compound wall.

- ◆ Durability
- ◆ Re-Installable
- ◆ No Foundation Required
- ◆ Less Space utilized i.e., space saving.
- ◆ Plastering not required
- ◆ Speedy Installation
- ◆ Economy compared to conventional products.

## Technical Details

<b>Pole Dimensions :</b>	150mm x 150mm, Length 4 feet to 14 feet, groove width 60mm and depth 40mm.
<b>Pole Weight :</b>	14 kg/Rft (Approx)
<b>Pole Reinforcement :</b>	4mm dia. high tensile carbonized steel indented wire 7nos.
<b>Panel Dimensions :</b>	1 foot wide (300mm), 50mm (2 inch thick), 7 feet length (2.10 mts.)
<b>Panel Weight :</b>	7'.0"x1'.0" Size 77 kg. (Approx)
<b>Panel Reinforcement :</b>	3mm dia. high tensile carbonized steel indented wire 4 nos.
<b>Grade of Concrete :</b>	M-25 Design max.

# CONCRETE BLOCK PLANT
